### Subhash Ghai Founder & Chairman Whistling Woods International

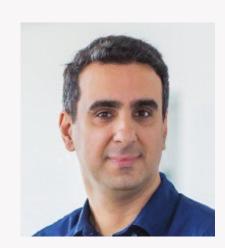

The Fashion Business is an integral part of the Film & Media world, and has always managed to maintain its own identity and has emerged as a multi-billion dollar industry in India, with the Business of Fashion rapidly gaining visibility & credibility over the last decade. We at WWI, have always believed in leading the change in burgeoning fields and providing vision & foresight to the development of an industry.

With Whistling Woods International School of Fashion & Costume Design, we intend to do the same and lead the growth of the Fashion industry in India. Through this venture, we look forward to giving to the world, hundreds and thousands of today's aspirants who will go on to become stalwarts and leaders of the Fashion industry in India and the world.

Fashion has always been something deeply attached to creativity. Design and marketing of fashion products is linked to innovation and we at WWI believe strongly that our teaching and nurturing philosophy will combine well with this fast-growing industry. It is with this in mind that we have roped in eminent designer, Neeta Lulla as the chief mentor for the Whistling Woods International School of Fashion & Costume Design. Finally, a fashion school that can promise its students world-class inputs and encourage them to dream big and compete on a global scale.

Within a short span, our dedicated team of teachers and highly creative students have made this young programme a huge success.

Head - Academics Whistling Woods International

### It has been another hugely challenging year for the students of the Whistling Woods School of Fashion & Costume Design in their final semester. With lockdowns, Covid protocols and health concerns, they had to be inspired, innovate, source and then work with their tailors to create their garments which reflect their unique style. I am so proud of each and every one of them for over-coming these obstacles and putting on a wonderful collection for Aiyanna 2022. It has not been an easy journey but with the help of their committed and dedicated faculty and staff, the students have risen to the challenge and created a sense of style and art in their designs which I am sure will be loved by all. I am so happy we are able to do the show for them in a big way and allow their parents to be part of it, so they can beam with pride at the work of their wonderful students. Congratulations to them all.

### Dear Designers,

Its been three fun filled years that I have had the opportunity of spending with you. No path that you take will ever be 100% smooth! We circumvent some rough patches, we fix some of them and some we just glide over with the confidence that we will make it to the other side successfully. My prayer for you is Happiness always. Hold your head high with pride that you have honed your skills at one of the countries leading institutions. Make us proud with every new height you scale in your career.

The world Awaits! Be Yourself! Be Honest! Be Original!
